

Trafinz Leadership Awards 2021

Trafinz Sustainability Leadership Award

SAFETY – Innovating Streets – Nelson South – Nelson City Council

The leadership and importance of this tactical approach should not be undervalued. People and society as a whole must aim to shift travel modes for the health of their community and the environment.

This initiative is doing it for Nelson while being a model for local authorities application throughout NZ as well as providing a practical example of being responsive to communities, residents and users.
